SKILLS

In my years of experience, I learned how to effectively and efficiently oversee people, projects, and conflicts. Past knowledge and out-of-the-box thinking allows me to derive the best out of people and give a project the ability to perform at its peak. I also have top-notch skills in development, graphic-design, and UI/UX creation.

EXPERIENCE

Broadcasting and Journalism Club, Westlake Academy - *Club Leader*

AUGUST 2021 - PRESENT TIME

- Responsible for organizing club members, equipments, deadlines, and funds for the club in its startup period
- In charge of teaching students of varying skill levels how to use various equipment, knowledge on editing tools, and creation of broadcasts.

Open Source Gallery, Fiveable - *Open Source Contributor*

APRIL 2020 - MAY 2020

- Raised issues with ideas and solutions on the Github repository
- Developed a data solution that efficiently pulled information from the Github API and submitted a pull request that was accepted.

Forge Doctors Robotics, Westlake Academy - *Team President*

AUGUST 2020 - JANUARY 2021

- Responsible for setting deadlines and managing all four aspects of the robotics team, a total of 40+ members across two class periods
- Worked closely with school administration and competition supervisors to get the team set up for competitions in a COVID-19 safe fashion

EDUCATION

Westlake Academy IB World School - *Sophomore*

AUGUST 2020 - PRESENT

I am currently attending the 10th Grade at Westlake Academy. I have 14 credits worth of classes and my GPA stands at 4.0 (100.277 on 100 point scale).

AWARDS

Some awards that I have received in **High School** related to the position I'm applying for include:

- The **Blacksmith Award** - *given to students at Westlake Academy who displayed all IB learner profile traits over the course of the entire school year. The highest award presented to students at the school.*

Some awards that I have received in **Middle School** related to the position I'm applying for include:

- The **Participation Award for TMSCA State** - *given to students who participated in the state Math and Science Tournament*
- the **Presidential Award for Education** - *given to students who perform exceptionally well at school*
- the **Outstanding Achievement Award for Digital Graphics and Animation** - *given to a sole student who performed exceptionally well in a subject*
- the **National Junior Honor Society Certificate of Membership** - *certifies the student is part of the school NJHS chapter*

Some awards that I have received in **Elementary School** related to the position I'm applying for include:

- a **WOSO (Wayne-Oakland Science Olympiad) Finals** medalist for winning in the events
 - Source Code - *an event where students compete to answer as many questions as possible pertaining to the year's coding language (2017 Language - Java)*
 - Simple Machines - *an event where students compete in pairs to answer as many questions as possible pertaining to the six simple machines*
 - Bridging the Gap - *an event where students compete in a team to engineer a bridge using random craft resources that would have to withstand increasing weights*
- the **Certificate of Merit/Award for being a PeaceBuilder** - *given to students who exhibited leadership traits and kindness during their school year*
